Read the following information completely to plan your crossing.

-  Airplane morning and afternoon
-  Airplane morning
-  Airplane afternoon

Delivery Period at L'Isle-aux-Grues

This lapse of time allows delivery of goods for residents. **Priority is given to delivery trucks. Persons in charge of delivery trucks must reserve their place 24 hours in advance by calling 418 234-1735.** Persons in charge with no reservation will lose their priority on the waiting period and the rule first come, first served will apply in the same way as any other passenger. Should the loading of delivery vehicles reach the ship's loading capacity (68 MT), no car, cyclists or pedestrians in the waiting line will board the ship.

Special Crossings for Dangerous Materials

These trips are especially planned for carrying dangerous materials. According to the norms of Transport Canada, **a maximum of 25 persons on board (including the crew) will be strictly respected. Persons in charge of delivery trucks must reserve their place by calling 418 234-1735.**

Pedestrians and cyclists are strongly recommended to avoid these crossings.
